Anssems PLT-Pro

The Anssems PLT-Pro is designed for anyone looking for a versatile flatbed trailer, both for professional and private use, at an attractive price. The solid base of these flatbed trailers is formed by

Practical flatbed trailers for every job

drawbar legs that extend under the entire loading floor to the rear of the trailers. This results in a low unladen weight, providing extra payload capacity. You can fold down the four side panels for easy access.

Features:

- Low unladen weight
- High load capacity available
- Modern look with black highlights
- Turnable aluminium panels on all sides
- Bolted A-frame extends to rear
- Good floor support
- High grip waterproof plywood floor
- Eight tie-eyes on the loading floor

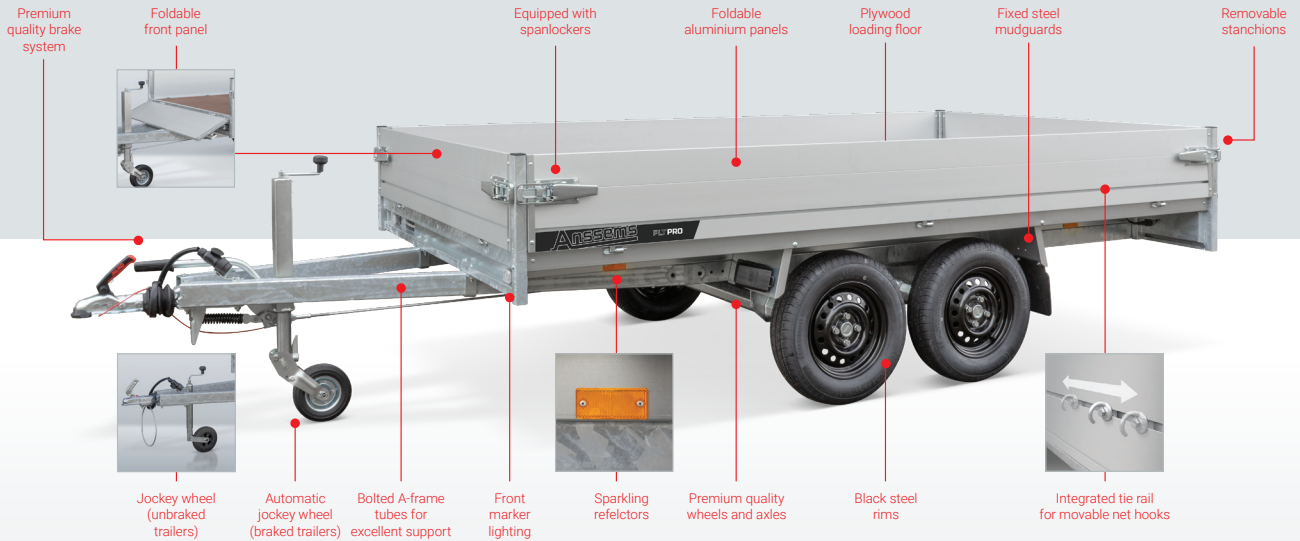

- Integrated tie rail for free positioning net hooks
- Span lockers
- Removable stanchions
- Models: 11
- Gross capacity: 750 kg to 2000 kg
- Version: single-axle and tandem

Often chosen for:

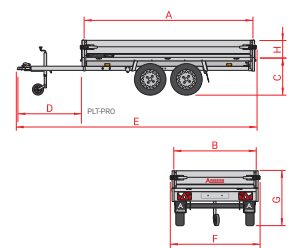

- General use
- Construction and gardening materials

Often bought with:

- Extension sides
- Mesh sides
- Flat cover and front ladder rack
- High cover
